Separate facilities on-site also include a storage warehouse and vehicle maintenance bays.	14,295	<p>Likely low suitability for operation of a charter school.</p> <p>This facility does not have a permanently stationed Army National Guard unit, only a detachment which utilizes the facility quarterly, primarily due to a cracked foundation that would require capital improvements by a lessee in order to mitigate risk management and liability concerns.</p> <p>Additionally, a lessee will have to work with and likely be approved by the US Army Corps of Engineers to lease long-term as the U.S. Department of the Army has interest in the property due to the operations and maintenance being offset by a federal match of 50%.</p>
